

MRS. A. M. HAGERMANN

ALL WOMEN SUFFER

from the same physical disturbances, and the nature of their duties, in many cases, quickly drift them into the horrors of all kinds of female complaints, organic troubles, ulceration, falling and displacements, or perhaps irregularity or suppression causing backache, nervousness, irritability, and sleeplessness.

Women everywhere should remember that the medicine that holds the record for the largest number of actual cures of female ills is

Lydia E. Pinkham's Vegetable Compound

made from simple native roots and herbs. For more than thirty years it has been helping women to be strong, regulating the functions perfectly and overcoming pain. It has also proved itself invaluable in preparing for child birth and the change of life.

Mrs. A. M. Hagermann, of Bay Shore, L. I., writes:—Dear Mrs. Pinkham:—“I suffered from a displacement, excessive and painful functions so that I had to lie down or sit still most of the time. Lydia E. Pinkham's Vegetable Compound has made me a well woman so that I am able to attend to my duties. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound and see what relief it will give them.”

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female illness are invited to write Mrs. Pinkham, at Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Therefore she is especially well qualified to guide sick women back to health.

STAND BY JACKSON.

Baldwin Temperance Workers Praise the Attorney General.

Baldwin, Kan., May 10.—At the First M. E. church in this place there was a rousing temperance ratification meeting held.

The pastor presided and made a few pertinent remarks, after which he introduced Rev. Runyan, of the southwestern Kansas conference, who made a splendid Christian talk on law enforcement. Then the chairman called out Rev. R. P. Hammons. The first thing he did was to clear the platform. He said he did not want any babies behind him. He then made a red hot temperance speech.

Following his remarks the house was ready for the following resolutions which were unanimously adopted:

“Whereas, The liquor traffic and liquor drinking constitutes the greatest evil in our land and, therefore,

“Resolved, That we the people of Baldwin believe the time is fully come for us to unite on men and measures that will accomplish the thing we ask. Namely, to entirely eliminate the liquor business from our fair land; therefore,

“Resolved, That we will not stand by any party or candidate for office who will not put their party right on this line, in their platform, and their candidates must come out squarely and pledge themselves to the rigid enforcement of the prohibitory law.

“Resolved, That any political party that does these things is entitled to our vote, and shall have it.

“Resolved, That we rejoice and glory

in the good news that comes to us from different parts of the state, especially in the good work of our attorney general and all his helpers. And we pledge him and all others engaged in this good work our hearty support on every possible line.”

THE WHEAT IS FINE.

Optimistic Reports on the Crop—Other Holyrood News.

Holyrood, Kan., May 10.—Grain men report the wheat prospects here excellent. With timely rains the wheat belt will grow more grain this year than an average crop. The veteran grain man, W. W. Smith, insists it will take a year to get the old crop out of the country at the rate railways handle it.

The new mill, among the best in the state, is working its full capacity. Editor Allen has sold the Banner to Winslow Cipra, who takes charge this week. Mr. Allen is wanting to buy a good weekly in a town of two thousand population.

Conductor James Ross and crew, who own the Holyrood branch, report a big business for this line the past year. The Santa Fe building material shows a big increase as the towns along his line are rapidly improving. Mr. Ross is winning applause by running his train well on time lately.

Leavenworth Prisoner Escapes.

Leavenworth, Kan., May 10.—Thomas Middleton, under sentence to an indefinite term to the Hutchinson reformatory, escaped from the county jail through a coal hole. Middleton's home is in Lawrence. He was convicted of stealing from the tent of railroad workmen.

LIKE POLITICIANS.

The Club Women After a Stormy Session Elect Their Officers.

Kansas City, May 10.—President—Mrs. Eustace Brown, Olathe. Vice—President—Mrs. C. H. Trout, Junction City.

Recording Secretary—Mrs. F. B. Wheeler, Pittsburg. Treasurer—Mrs. C. W. Landies, Osborne.

Auditor—Mrs. M. S. Munson, El Dorado.

General Federation Secretary—Mrs. C. C. Godard, Leavenworth.

The foregoing officers of the Kansas Federation of Women's clubs were elected at the session in the First Presbyterian church.

When the session was resumed yesterday afternoon it was evident that the stormy scenes of the morning session were not to be re-enacted. In the two hours' adjournment at noon the storm center which had swept over the convention subsided. The women talked the matter over and decided to put the good of the federation above all factional disagreements.

“This old federation is too strong to be torn asunder by any storm,” said Mrs. W. A. Johnston of Topeka, when the convention had been called to order. “Now, let's forget and unite on a candidate for president in whom we'll all find a leader.”

There were tears in Mrs. Johnston's eyes and her voice trembled. Tears were in the eyes of her listeners, too. For a moment there was silence; then came the applause.

The name of Mrs. Eustace Brown of Olathe was then proposed for president and it was moved that the secretary of the convention cast the unanimous vote of the convention for her. The motion carried, only four voting against it.

“I feel the great trust placed in me in calling me to be your leader at this critical time,” said Mrs. Brown. “You must all help me. If I make a mistake, don't tell your neighbor about it, but come and tell me. Let's all stand together for the upbuilding of the work of the women's clubs.”

After the election of the president the other officers were elected without opposition. The convention is to be held in Manhattan next year. That city was the only applicant for it.

The afternoon programme was under the direction of the art and civic improvement departments with Mrs. Kate Aplington and Mrs. George P. Griffith in charge of the respective departments.

John D. Sherwood, chairman of the art committee of the federation, gave a review of the art work done by the club women and discussed art in general.

“Civic Improvement a Woman's Problem,” was the phase of the work discussed by Dr. Charles W. Burkett of the Kansas State Agricultural college.

“Civic Improvement in Small Cities,” was the topic of Mrs. A. V. Lodge's paper. She gave a report of the work done in her home town, Iola, and mapped out a line of work for the further betterment of civic conditions throughout the cities of the state.

At the night session the departments of child labor and household economies reported, with Mrs. F. W. Bartlett and Mrs. Mabel Kanney Wheeler of Pittsburg as chairmen. The addresses were made by the Rev. Mary Andrews of Kansas City, on “The Call of the Child,” Mrs. Wheeler, on “The Pure Food Law in Kansas,” and by Mrs. Walter McCab Miller of Columbia, Mo., on “The Necessity of Pure Food Legislation and Some of Its Results.” Mrs. Miller is chairman of the pure food commission of the general federation.

Mrs. Eustace Brown of Olathe, the new president, is well known in Kan-

DR. WILLIAMS' PINK PILLS FOR ANEMIA

Thin Blood, Dizzy Spells, Palpitating Heart and Smothering Sensations Indicate a Condition for Which This Remedy Is a Specific.

An anaemic condition, that is, a state of health in which the blood is apparently turning to water, and every organ of the body is suffering for lack of nourishment, can be met only by a remedy that will increase the quantity and richness of the blood.

Dr. Williams' Pink Pills actually make new blood and they have been curing anaemia for a generation. A recent case is that of Miss Nellie M. Danforth, of 66 South Broadway, Akron, Ohio. It was not an unusually severe case but was a characteristic one.

The approach of Miss Danforth's trouble was very gradual. She felt symptoms of it for a year and although she was under a physician's care for some time the treatment did not afford her any relief. She says:

“I had weak spells when I felt as though I was going to faint and my heart would palpitate so that I was almost smothered. I had no color, even in my lips, and my ears were as white as wax. Everyone said my blood was turning to water.”

“Whenever I would rise from a chair I would have to hold on to it to steady myself as everything would turn dark before my eyes and all I could see were flashes of light, like shooting stars.”

“Nothing seemed to help me and when a friend recommended Dr. Williams' Pink Pills I got a box. I began to feel a little better and continued taking the pills until I had fully recovered. I have recommended Dr. Williams' Pink Pills to a number of my friends.”

A valuable booklet, “Diseases of the Blood,” containing fuller information will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams Medicine Company, Schenectady, N. Y.

Kansas City. She was reared here, is a graduate of Central high school and was a member of the Mrs. Kersey Coates club in this city. Her husband is a partner of U. S. Epperson and has an office in the R. A. Long building.

Mrs. Brown was a member of the Portia club of Topeka and is now a member of Sigourney and the Gullaire clubs of Olathe. She organized the latter club. Two years ago she was a candidate for president of the Kansas federation, and after an exciting contest was defeated by Mrs. May Belleville Brown of Salina.

The club women had what they called a “stormy session” in the morning.

The women—most of them—tried to talk all at the same time. Some one cried “rottenness.”

“The others” It was quite like an old-fashioned political convention.

At this point Mrs. C. C. Goddard of Leavenworth arose and presented a resolution to change the bylaws and proposed to give the individual delegates one vote for each 15 individual delegates, the same as the representatives of the clubs.

Mrs. Daniel Maher of Kansas City, Kan., protested against the resolution on the ground that it meant a change of the constitution.

“We have been acting clearly within the law,” she declared.

Mrs. Margaret Hill McCarter of Topeka arose to speak for the resolution. While she was walking down the aisle to the platform some of the women hissed.

“For shame on you—this is not womanly,” cried the president, Mrs. May Belleville Brown, the tears rushing down her cheeks. “I don't care where you come from, but your action is not womanly.”

“I know no reason why I should be refused the privilege of speaking before this meeting,” Mrs. McCarter said. “I stand here as a Kansas woman, who is not afraid of any woman on earth. I lift my voice to protest against the rottenness of the present situation.”

Mrs. John A. Hale of the West side was on her feet the moment Mrs. McCarter sat down.

“I wish to apologize to dear Mrs. McCarter, who has been our best friend, for the action of those who have publicly insulted her,” Mrs. Hale said, her voice rising clear above the chatter of the delegates who were in a high state of excitement.

In a speech Dr. Anna K. Masterson of the West side presented the fact that Mrs. McCarter spoke of the local situation as being in a rotten condition. Mrs. McCarter stepped to the platform and apologized for the expression. The two women then shook hands.

A dozen women were demanding the floor, all evidently intent on a peace offering to prevent the wrecking of the state federation. Finally there was a flurry in the crowd and Mrs. Stephens was seen walking down the aisle.

All the trouble started over the question of the presidency of the Kansas State federation. At 1 o'clock both candidates, Mrs. D. S. Stephens, wife of D. S. Stephens, chancellor of the Kansas City university and Mrs. W. D. Atkinson of Parsons, withdrew from the competition.

An amendment to the constitution was adopted yesterday afternoon which the women think will prevent a repetition of yesterday's “stormy session.”

The clause concerning the admission of individual members to the state federation was the one amended. As it now stands any club or individual desiring membership in the federation will have to make application through the club president to the state corresponding secretary, and she will refer the request to the executive board, where it will have to receive the unanimous vote of that board in order to admit the applicant to state membership.

FOR A CITY COMMISSION.

Kansas City, Kan., May 10.—A plan is being discussed to abolish the present system of city government and adopting the commission idea under the law passed by the Kansas legislature last winter. Several leaders who were identified with the Citizens' party movement last fall have examined the law and are preparing to circulate petitions asking that a vote be taken on the question of a change of government at the election next April.

WE OFFER YOU THE BEST!

Ever since we started in business we have been recognized as giving our many patrons exceptional values.

This reputation has not been created or fostered by advertising, but because our aim has been to “HAVE THE BEST IN READY-TO-WEAR CLOTHING” and

to sell it for a little less than you'll pay elsewhere. What you buy here you can depend on to prove thoroughly worthy of the confidence you first place in it. It shows style and fit at a glance. It proves value in service.

Distinctive features of the coats are perfect shoulder and close fitting collar. They are facts, not simply claims. As each man in his business has certain characteristics that mark

his business or his policy, so these features mark our merchandise.
